

ColorADD

Praia Inclusiva | Inclusive Beach

O Alfabeto das Cores

PT. A integração do Código ColorADD nas bandeiras de praia e nos contentores de recolha seletiva pretende tornar as praias em locais mais seguros e inclusivos para os daltónicos. **A Cor é para Todos!**

Existem no Mundo aproximadamente 350 Milhões de Daltónicos!

The Color Alphabet

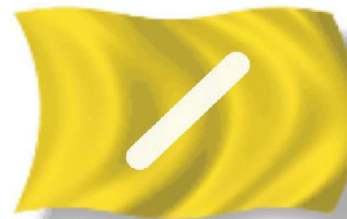

EN. Integrating the ColorADD Code in beach warning flags and waste collection containers intends to turn beaches into a more safe and inclusive place for colorblind people. **Color is for All!**

There are about 350 Million Colorblind people worldwide!
